

# LEGAL INFORMATION MANAGEMENT

Legal Information Management (LIM) is the official journal of the British and Irish Association of Law Librarians (BIALL).

Aimed at professionals active in the legal information community this topical journal provides invaluable information for all those involved in the provision of legal information in the academic and professional environments.

## Editor

The Editor has overall responsibility for publishing four issues of LIM each year. This will involve commissioning content and recruiting Guest Editors to help solicit content for each issue, along with compiling, copyediting and proofing each issue to a schedule agreed with Cambridge University Press. The Editor is also expected to liaise closely with authors, answer day-to-day queries, attend Editorial Board meetings and the annual BIALl conference. The Editor is supported by an Editorial Board.

It is expected that the new Editor will have a background in legal information management along with an extensive network of contacts to support commissioning in the area. They will also be aware of the work and concerns of BIALl and its members. Most importantly they will have an enthusiastic and entrepreneurial approach to encouraging contributions to the journal and be committed to maintaining the high quality and reputation of the journal.

Applications  
are invited  
from
